E-CELL UCOE

Functioning of the Entrepreneurship Cell

THE HIERARCHY THAT IS MAINTAINED BY THE TEAM IS AS FOLLOWS:

FACULTY ADVISORS -->MENTOR-->PRESIDENT-->VICE-PRESIDENT-->SECRETARTY-->JOINT SECRETARY -->TEAM HEADS-->EXECUTIVES

UCOE E-CELL'S FUNCTIONING FROM THE PAST YEARS

UCOE E-Cell is being functioning great since it has been founded and have made significant progress over the years. UCOE E-cell was founded in 2022 by our current Mentor Mr. Pawan Mishra along with his team and participated in National Entrepreneurship Challenge the very first year and secured rank 8 in Basic track which is a very great achievement for team UCOE & UCOE E-CELL. In the next year 2023, UCOE E-CELL participated in the Advance track and secured Top 20 Rank.

The above achievements shows the progress and dedication the team has shown in terms of functionality, teamwork and hardwork. Our team follows a structured hierarchy in order to complete the tasks coming before us on the platform of NEC. our team has assigned positions to members and not only the members handle their positions but perform other positions responsibilities when needed. No any member is restricted to his job, everyone works for every domain whether it's a technical work or publicity work or handling an event.

E-CELL UCOE

This structure ensures that every member is adapted to any kind of work and develop his or her personality in all types of domains thus aiming for one's personality development, upskiling, communication skills, leadership qualities and much more.

Apart from the members Faculty Advisors play a vital role in providing a support to the team by encouraging them and providing the management support from the college needed for the events.

Together our team aims to strive more for continuous growth of the team and E-Cell UCOE. We aim to perform better in the current tenure for acquiring better Rank than earlier. This tenure too we will be following the same functioning and hierarchy with more efforts from individual members .

E-CELL UCOE

FOUNDATION AND HISTORY OF E-CELL UCOE

FOUNDATION

E-CELL in the Universal College of Engineering was founded by Mr. Pawan Mishra in 2022 and before which E-cell was not existing in the campus of UCoE. Mr. Pawan Mishra came with the idea of establishing E-Cell when he faced challenges and problems in his startups, so that the organisation can provide guidance and funding to the entrepreneurs in making. He came to know about E-Cell and researched on it with his teammates and later also known to National Entrepreneurship Challenge.

He along with his teammates including Mr. Harsh Pandey, Mr. Vishank Sharma, Mr. Aditya Singh and many more established a well structured and working team for E-cell UCoE and thereby the Team UCoE is working for E-Cell and putting there best efforts in National Entrepreneurship Challenge.

E-CELL UCOE

HISTORY

• UCOE E-CELL WAS FOUNDED IN YEAR 2022.

• PARTICIPATED IN NATIONAL ENTREPRENEURSHIP CHALLENGE IN THE YEAR 2022 AND GLAD THAT UCOE E-CELL SECURED RANK 8 IN BASIC TRACK.

• PARTICIPATED IN ADVANCE TRACK IN NATIONAL ENTREPRENEURSHIP CHALLENGE AND SECURED TOP 20 RANK.

Maha60 Cornell Accelerator Program

Feedback:

The event was highly praised by the audience and received overall positive feedback. Gaining useful insight via direct conversation

POST EVENT

Glimpses:

The event's reach was increased by showcasing significant One-One feedback from, audience participation.

Maha60 Cornell Accelerator Program

SUGGESTION :

As the event was very interactive it was extended by an hour and we were suggested to keep the event a bit short.

Conclusion:

The Maha60 Cornell Accelerator Program successfully ignited the spirit among entreprenuers and it helped in shaping future leaders as the interaction between the audience was very well and hence it helped in empowering them to start their own journey.
Small Scale Industry Unit

UCOE E-Cell organized the event 'Small Scale Industry Unit'. This report explores the planning, execution, and evaluation of the event, emphasizing its effects on attendees and offering recommendations for future iterations.

VISION AND AIM

The Small Scale Industry Unit Event proved to be a game changing platform in the effort to encourage innovation and entrepreneurship among Local consumers,Online retailers,Local Industries and manufactures.. The purpose of the event was to impart insightful knowledge from seasoned entrepreneur Rahul Baviskar, with an emphasis on motivating the entrepreneurial spirit.
